08:30	<p><b>FDA process updates and things you need to know for new applications</b></p> <ul style="list-style-type: none"> <li>• Leveraging long-awaited FDA feedback on submissions to be successful in reapplying</li> <li>• What is the tangible value of an MRTPA without healthcare provider outreach?</li> <li>• Strategies in post-market surveillance activities</li> <li>• Looking backwards to look forwards: Retrospective look at FDA tobacco and nicotine regulations</li> </ul> <p><b>Todd Cecil, Deputy Director for Regulatory Management, FDA</b></p>
09:00	Session reserved for sponsorship
09:30	<p><b>Current regulatory landscape and views from in-house counsel</b></p> <ul style="list-style-type: none"> <li>• Need for more compliance and enforcement and increased clarity about what products can be lawfully sold</li> <li>• Potential impact and changes at CTP in response to the Reagan-Udall Foundation's Report</li> <li>• Upcoming rulemaking (e.g., menthol, VLNC)</li> </ul> <p><b>John O'Brien, Vice President and Assistant General Counsel - Regulatory, Reynolds American</b></p>
10:00	Session reserved for sponsorship
10:30	<b>Morning Refreshments and Networking</b>
11:00	<p><b>Addressing the contradictions of FDA and US regulatory policy on tobacco and nicotine</b></p> <ul style="list-style-type: none"> <li>• Are FDA's response to serious criticisms of Reagan-Udall Foundation sufficient or appropriate?</li> <li>• Are current US regulatory approaches injurious to, rather than protective of, public health?</li> <li>• What is the role of science in driving FDA regulation and decisions on PMTAs?</li> <li>• What are potential policy and regulatory solutions to the apparent contradictions in science and US/FDA approaches to harm reduction?</li> </ul> <p><b>Tony Abboud, Executive Director, Vapor Technology Association and President, Strategic Government Solutions</b></p>
12:00	Session reserved for Broughton
12:30	<p><b>Panel Discussion: What's happening in the rest of the world?</b></p> <ul style="list-style-type: none"> <li>• Identifying opportunities for overseas growth</li> <li>• Comparing and contrasting approaches from around the globe</li> <li>• Global influences on the US nicotine market</li> <li>• Worldwide outlook on the burden of tobacco</li> </ul> <p><b>Chair: Robert Burton, Group Scientific and Regulatory Director, Plxsur</b>  <b>Panel: Derek Yach, Member, Global Health Strategies LLC</b>  <b>Jeff Connell, CEO, Innevape Eliquids</b>  <b>Michael Saxon, Chief Executive Officer and Board Director, TAAT</b></p>
13:15	Lunch and Networking

14:15	<p><b>Youth vaping "Epidemic"</b></p> <ul style="list-style-type: none"> <li>Finding the balance; addressing youth marketing while ensuring vaping maintains its harm reduction status</li> <li>Potential regulations to deal with youth vaping</li> <li>Function of disposables or marketing; understanding is the key to prevent future negligence</li> <li>Urging companies to review their marketing to make sure it is responsible</li> <li>Understanding the difference between observations of facts and actual problems with solutions</li> </ul> <p><b>Saadiq Daya, CEO, VanGo Vapes</b></p>
14:45	<p><b>Getting into the minds and hearts of the consumer: how to use behavioral science from product development to product applications</b></p> <ul style="list-style-type: none"> <li>Do you know who your target consumer is and what they want?</li> <li>What (and who) are the key roadblocks to switching adult smokers?</li> <li>Are you designing your key Perception and Behavior PMTA studies to effectively address FDA's needs and concerns?</li> <li>How can the social and behavioral sciences "save" flavors?</li> </ul> <p><b>Dr. Jessica Zdinak, Chief Research Officer and Owner, ARAC</b></p>
15:15	<p><b>FIRESIDE CHAT</b></p> <p><b>Unlocking the potential of herbal tobacco amidst regulatory changes to flavors</b></p> <ul style="list-style-type: none"> <li>Herbal tobacco as a catalyst for the whole sector to start moving again since slow FDA product approvals</li> <li>Critical appraisal of clinical trials assessing heated tobacco products: Latest scientific findings on the impact on public health</li> <li>Capitalizing off the growing popularity preparing for new era of herbal tobacco products</li> <li>Has the herbal tobacco industry overcome the necessary regulatory hurdles to be a sustainable solution to end smoking?</li> </ul> <p><b>Michael Saxon, Chief Executive Officer and Board Director, TAAT</b></p>
15:45	<p><b>Full Court Press: Vapor Litigation Update</b></p> <ul style="list-style-type: none"> <li>Flavor Bans</li> <li>FDA Refuse-to-Accept (RTA) and Refuse-to-File (RTF) Orders</li> <li>Recent FDA Enforcement Actions and Consent Decrees</li> <li>Challenges to FDA Marketing Denial Orders (MDOs)</li> </ul> <p><b>Eric Gotting, Partner, Keller and Heckman LLP</b></p>
16:15	<p><b>Afternoon Refreshments and Networking</b></p>
16:45	<p><b>Panel Discussion: What the flavor restrictions mean for the future of nicotine delivery?</b></p> <ul style="list-style-type: none"> <li>Looking outward: can Australia's prescription-only model for vaping products be viable in the US?</li> <li>Will the prohibition of menthol be detrimental to the progress the alternative nicotine delivery industry has made in helping smokers quit or will it serve the opposite effect?</li> <li>Would total flavor prohibition be beneficial for tobacco control?</li> </ul> <p><b>Chair:</b></p> <p><b>Panel: Samy Hamdouche, Cofounder and COO, Lucy Goods Inc.</b></p> <p><b>Saadiq Daya, CEO, VanGo Vapes</b></p>
17:15	<p><b>Nicotine Addiction: Politics, The Media, Regulation, and Science</b></p> <ul style="list-style-type: none"> <li>Managing addiction using the risk continuum versus the unrealistic objective of cessation.</li> <li>Traditional Tobacco versus Newly Deemed less harmful products - who should have greater access to the marketplace?</li> <li>The Media, Special Interest Groups and Politicians driven misperceptions of the relative harm reduction of newly deemed products.</li> <li>The CTP has failed in its implementation of a predictable path to market for safer nicotine delivery products while allowing hundreds of grandfathered product types to get to market via the substantial equivalence pathway. Why?</li> </ul> <p><b>Vincent J. Angelico, Chief Scientific Officer, Accorto Regulatory Solution</b></p>

17:30	<p><b>Live Long Vapor - Our 10-year journey from a small Florida business to a worldwide brand</b></p> <ul style="list-style-type: none"> <li>• The 'Wild West' early days of the e-liquid industry</li> <li>• Establishing a national brand - Setting the Standard</li> <li>• The World Stage - Trials and Tribulations of going global</li> <li>• Live Long Vapor - Our mission statement</li> </ul> <p><i>Jeff Connell, CEO, Innevape Eliquids</i></p>
18:00	<b>Chair's Summary and Close of Day 1</b>
18:10	<b>Drinks Reception</b>

	<b>DAY TWO, Thursday 29<sup>th</sup> June 2023</b>		
08:15 - 08:45	<b>Registration and Refreshments</b>		
08:50	<b>Chair's Opening Remarks</b>		
09:00	<p><b>Revolutionizing innovation: The rise and future of oral pouches</b></p> <ul style="list-style-type: none"> <li>• Encouraging smokers to switch to modern oral pouches on the journey to quit smoking</li> <li>• In a highly competitive portfolio of alternative nicotine delivery products, are oral pouches the future of the smokeless market?</li> <li>• From snus to a compelling harm reduction alternative: the outlook is bright for oral pouches</li> </ul> <p><i>Dr. Jennifer H. Smith, Associate Fellow - Scientific Strategy and Advocacy, Altria Science</i></p>		
09:30	<p><b>Innovation in science and technology will end smoking</b></p> <ul style="list-style-type: none"> <li>• Improving product offerings that benefit society and business as a whole</li> <li>• Preparing for the portfolio of products entering the market and optimizing their usage</li> <li>• Working with physicians to understand what's best for smokers</li> <li>• Combining science and technology to offer the latest, improved smoke-free alternatives</li> <li>• Integrating behavioral support with products to enhance switching and quitting</li> </ul> <p><i>Derek Yach, Member, Global Health Strategies LLC</i></p>		
10:00	<p><b>Roundtable 1:</b> Hosted by David DeJean, Head of Sales and Business Development, Systech International</p> <p><b>Creating an industry-FDA collaboration to prevent illicit products, reduce youth use, and protect brands and consumers</b></p>	<p><b>Roundtable 2:</b> Hosted by Peter Joza Chief Scientific Adviser, Labstat and Shelly Blackwell, Senior Director for Dietary Supplement and Tobacco Services, Labstat</p> <p><b>Heated Tobacco and Modern Oral Products – Tobacco Product Manufacturing Practice (TPMP) Readiness and Premarket Tobacco Product Application (PMTA) Testing Challenges</b></p>	<p><b>Roundtable 3:</b> Hosted by Allison Boughner, VP, American Vapor Manufacturers Organization</p> <p><b>How to keep up with changing consumer behavior</b></p>
11:00	<b>Morning Refreshments and Networking</b>		
11:30	<b>Session reserved for sponsorship</b>		
12:00	<b>Role of innovation to protect consumer</b>		

	<ul style="list-style-type: none"> <li>• ENDS industry made remarkable progress switching millions of adult smokers to potentially reduced-risk products</li> <li>• Despite all the challenges and mainly what Middle Eastern markets are facing, such as harsh fiscal, non-balanced regulation, illicit rage, and others, the ENDS industry is growing</li> <li>• A key issue we are facing today, beyond switching adult smokers, is targeting the WRONG group of consumers, such as non-smokers, ex-smokers, and minors, who are being attracted to many wrong innovations.</li> <li>• Industry needs to work together to find a solution to protect the WRONG group of consumers from accessing the category by exploring innovations and programs to protect the WRONG group of consumers from getting attracted to these products and making it difficult to have access to such products</li> </ul> <p><b>Fadi Maayta, Co-Founder and President MEA, ANDS</b></p>
12:30	<b>Session reserved for Jerry Donnini, Partner</b>
12:45	<p><b>Why harm reduction nicotine is the only investible category for the future of nicotine delivery</b></p> <ul style="list-style-type: none"> <li>• Tackling current controversies surrounding harm reduction nicotine</li> <li>• Maximizing ESG potential of harm reduction nicotine</li> <li>• Delving deeper into the anti-vaping trajectory in USA</li> <li>• Sharing insight on investing in early-stage nicotine companies</li> </ul> <p><b>Catharine Dockery, Founder and GP, Vice Ventures</b></p>
13:15	<b>Lunch and Networking</b>
14:15	<p><b>The conscious smoker in the modern world: growing hemp to grow business</b></p> <ul style="list-style-type: none"> <li>• Getting excited for the future of hemp</li> <li>• Managing the accelerating change in smokers' habits</li> <li>• Capitalizing on opportunities in the untapped hemp market</li> <li>• What the hemp boom means for the legalization of cannabis?</li> </ul> <p><b>Travis Priddy, CEO, 369 Hemp, Inc.</b></p>
14:45	<b>Session reserved for sponsorship</b>
15:00	<p><b>Panel discussion: Where is the cannabis industry headed?</b></p> <ul style="list-style-type: none"> <li>• Hear about latest regulatory updates on CBD, Delta-8, and hemp-derived products</li> <li>• Assessing the marketability of cannabis products and how it will affect the nicotine industry</li> <li>• Dispelling doubts and concerns of unreceptive consumers</li> <li>• Delving deeper into implications of legalizing cannabis and reducing access to black market</li> </ul> <p><b>Chair:</b>  <b>Panel: Travis Priddy, CEO, 369 Hemp, Inc.</b>  <b>Senior representative from Thompson Hine</b></p>
15:30	<b>Afternoon Refreshments and Networking</b>
16:00	<p><b>State of Vape: A focus on legal-age smokers</b></p> <ul style="list-style-type: none"> <li>• Sharing best practice of successful marketing to grow business and reducing damage to the youth initiation</li> <li>• Finding the balance: addressing youth marketing whilst ensuring flavored products remain available to adults</li> <li>• Function of the disposable or marketing: understanding this is key in prevention of future negligence</li> <li>• Urging companies to spearhead initiatives to crack down on youth initiation</li> </ul> <p><b>Niraj Patel, CEO, Bidi Vapor</b></p>
16:30	<p><b>Upcoming Research on Quantifying Carbon Emissions and Recycling Rates for ENDS</b></p> <ul style="list-style-type: none"> <li>• Examining the current state of ENDS manufacturing and disposal: the lifecycle of nicotine, hardware, batteries in various ENDS categories</li> </ul>

	<ul style="list-style-type: none"> <li>• Conducting a landscape review of ENDS recycling, highlighting industry participants, and described by comparison to other FMCG industry recycling practices</li> <li>• Quantifying consumer recycling habits of ENDS in various jurisdictions as well as the propensity of ENDS users to recycle before and after implementation of a recycling program.</li> <li>• Creating a Recycling Model Framework using findings and best practices from this research for dissemination across industry and government</li> </ul> <p><b><i>Martin Steinbauer, Founder, SMOOD LLC</i></b></p>
17:00	<p><b>Harpooning Leviathan: Ways and Means to Hold Regulators and NGOs Accountable</b></p> <ul style="list-style-type: none"> <li>• FDA knows that vaping is a low-risk, effective quit-smoking tool</li> <li>• FDA’s doubletalk</li> <li>• Reporters fail to hold FDA accountable</li> <li>• Solutions</li> </ul> <p><b><i>Allison Boughner, VP, American Vapor Manufacturers Organization</i></b></p>
17:30	<p><b>Chair’s Summary and Close of Conference</b></p>
